INTRODUCTION

Schedule Overview
BCFP Public Website (Site Content)

Additional Background Information
The process of posting information on the Bureau of Consumer Financial Protection (BCFP)'s website involves the program office whose information is being posted along with several other divisions and offices within the agency including the Legal Division, Office of the Executive Secretary, and the Office of Technology and Innovation. Prior to any website publication, the information must be pre-cleared by the Legal Division and senior stakeholders within the agency and all relevant feedback and corrections have to be addressed before final approval. Once the document is approved, a copy is submitted to the webmaster, for upload and publication. All website data is cloud-based and backed-up at the BCFP data centers. The recordkeeping copy is maintained by the program office.

Prior to submitting this proposed schedule to NARA, the agency conducted an underlying systematic analysis of the information published on each webpage of the website. This analysis included a mapping of the website and subsequent identification of all disposition authorities that apply to the original records whose copies are published.

Permanent records whose copies are published on the website will be transferred to NARA according to the transfer timelines indicated in their respective disposition authorities. The Home Mortgage Disclosure Act data, which has been previously maintained by the Board of Governors of the Federal Reserve System, was previously scheduled as permanent under N1-082-05-001. The Home Mortgage Disclosure Act (HMDA) was enacted by Congress in 1975 and implemented by the Federal Reserve Board's Regulation C. On July 21, 2011, the rule-writing authority of Regulation C was transferred to the Bureau of Consumer Financial Protection
(BCFP). Regulation C requires lending institutions to provide data on home purchase loans, home improvement loans, and home loan refinancings. BCFP has indicated that it is currently in the process of scheduling these records. NARA will continue to appraise these records as permanent.
